

本會委託研究計畫

Outsourced Research Projects in 2006

1	政府採購契約之廠商所負損害賠償責任之研究 Contractor's Liability Under Government Procurement Contract
2	2006生態工程國際研討會委託服務 2006 Ecological Engineering International Symposium in Taiwan.
3	訂定工程技術顧問業優惠貸款及輔導發展之相關法規研究 An Enactment Study toward Promoting Development for Engineering Consulting Companies
4	落實生態工程建設之制度性作業機制之研究 Implement Ecological Engineering Concept and Operation on Engineering Construction Works
5	民間參與公共建設推動議題改進之研究--政府如何獲取長期公共服務 How the long-term Public Service Models are Available for the Government
6	公共設施管理維護績效評估機制之研究-以道路管理維護為例 The Management and Maintenance Performance Assessment of Public Construction
7	民間參與公共建設案件營運績效評估機制之建置委託專業服務案 Establishing the Performance Evaluation System for Private Participation in Infrastructure cases
8	廢棄混凝土再生粒料應用於公共工程之探討 The study of Using Discarding Concrete in the Public Project
9	建立生態工程案例檢核評估作業之研究 The Establishment of Eco-technology Evaluation Operations
10	生態工法應用於道路工程之研究 (III) The Study on the Application of Ecological Engineering to Road Construction (III)
11	國內公共工程監造制度之研究 A Study of the Domestic Public Construction Supervisory System
12	民間參與公共建設推動議題改進之研究-加強促參案件履約管理機制委託專業顧問服務案 The Research of PPI Issues Reform- To Enhance the Mechanism of Contract Management for PPI Projects
13	促進民間參與公共建設案件投資總額認定原則 The Principles for Deciding Total Investment Amount of Private Participated Infrastructure Projects
14	公共工程技術資料庫整合維護與推廣委託專案計畫 Integration of Public Construction Technology Databanks
15	工程技術服務市場、人力資源普查與建立市場及人力資料庫之研究 (第二期) The Research Project of the Construction Consulting Industry with the Human Resource Survey, and the Establishment of Consulting Market and Human Resource Database (2nd stage)
